

Big Toe Web Design

Terms and conditions

Please read these Terms and Conditions carefully. Any purchase or use of our services implies that you have read and accepted our Terms and Conditions. The following Terms and Conditions document is a legal agreement between Ryan Glass, sole trader, trading as Big Toe Web Design, and the Client. Please see the additional 'Terms and Conditions for the supply of SEO services' if you are purchasing a monthly search engine optimisation plan.

1. Definitions of terminology

A 'project' is any work undertaken or service provided by Big Toe Web Design for the Client on their request and as described in our confirmation order email to that Client.

'You' or the 'Client', is a person, persons, business or organisation using any of the services provided by Big Toe Web Design.

'We', 'us' or 'our' means Ryan Glass, sole trader, trading as Big Toe Web Design.

'Domain' is the website address as specified by the Client.

'Hosting' is a yearly cost to keep the Client's website active online.

'Content' is both text and images that the Client requires on the website.

2. Acceptance

It is not necessary for any Client to have signed an acceptance of these Terms and Conditions for them to apply. If a Client accepts a quote and pays a deposit for a project then the Client will be deemed to have satisfied themselves as to the terms applying and have accepted these terms and conditions in full. Any variations to these conditions shall have no effect unless agreed in writing.

3. Legalities, copyright and intellectual property

Big Toe Web Design shall expect the Client to carry out sufficient research before proceeding with a website. This will include checking that the website, idea and/or business will operate legally. It is important that the website is not in any way illegal. You should ensure that any images or content you supply or use on your website is legally available for you to use. We cannot be held responsible for the illegal use of images, content or format of material supplied by you. We reserve the right to remove any website from our servers if we have reason to believe that it is operating illegally.

Where images used on the website have been purchased by Big Toe Web Design on behalf of the Client, these images are restricted by license for use on the website only. We are not

liable for misuse of these images by the Client or any other person's copying, altering or distributing the images to individuals or other organisations.

We reserve the right to refuse to handle any media that contains a virus or hostile program.

We cannot be held responsible for anything adversely affecting the Client's business operation, sales, or profitability that might be claimed as a result of a service offered by Big Toe Web Design.

Copyright of the completed web designs, images, pages, code and source files created by Big Toe Web Design for the project shall be with the Client upon final payment only by prior written agreement. Without agreement, ownership of designs and all code is with Big Toe Web Design.

These terms of use grant a non-exclusive limited license so that the Client can use the design on one website on one domain name only. The Client is not permitted to use a design for more than one website without prior written agreement between the Client and Big Toe Web Design. The Client retains the copyright to data, files and graphic logos provided by the Client, and grants Big Toe Web Design the rights to publish and use such material.

If Big Toe Web Design designs a website for a Client, then the Client agrees that we may include a design/development credit and link displayed on the Client's website. This link may be within the code but not displayed on a web browser if requested in writing by the Client. The Client agrees that we reserve the right to include any work done for the Client in a portfolio of work displayed on our website.

The Client agrees to abide by the terms of any third party software or media included within any work done for the Client. Examples of this include, but are not limited to, Google Maps, Media under the Creative Commons license, RSS feeds, Open Source Software etc.

4. Acceptance of work

Quotations are valid for 30 days from date of issue. No contract for the supply of services exists between the Client and Big Toe Web Design until we send an invoice to the Client for payment.

The invoice equals acceptance by Big Toe Web Design of the Client's offer to purchase services and this acceptance of work is a valid contract between Client and us regardless of whether the Client receives the invoice. The Client agrees to check that the details of the invoice are correct and should print and keep a copy for their records.

We are liable to withdraw from the contract at any time prior to acceptance. Additional work requested by the Client that is not specified in the agreed quotation is subject to an additional quotation by us on receipt of specification. If the work is needed as part of an existing project, then this may affect timescale and overall delivery time of the project.

5. Payment schedule

We charge for the design and development of websites at various stages. For our 'off the shelf' websites, a 50% deposit of the total sum due is payable (the deposit) before we start work. The remaining 50% is payable when the website is complete and ready to 'go live' (final payment). Your website will only be switched to 'live' mode when it has been paid for, in full.

For our 'bespoke' websites, a 35% deposit of the total sum due is payable before we start work. Another 35% of the total sum is due when the website design is approved by you and a design for the home page is completed. The final payment (30% of the total sum) is payable when the website is complete and ready to 'go live'. Your website will only be switched to 'live' mode when it has been paid for in full.

For all projects, the initial deposit payment is non-refundable after Big Toe Web Design has committed resource or completed research and/or design work on behalf of the Client.

Big Toe Web Design can receive payments by BACS or bank transfer.

Big Toe Web Design owns all design and code of the website until the final payment has been received in full.

All invoices must be paid within 30 days of the invoice date, except where agreed at our own discretion. We reserve the right to decline further work on a project if there are invoices outstanding with the Client. We reserve the right to remove work for the Client from the internet if payments are not received. Accounts that remain unpaid thirty days after the date of the invoice will be assessed a service charge in the amount of the higher of two and one-half percent (2.5%) or £60 per month of the total amount due. Accounts unpaid thirty days after the date of invoice will be considered in default. If the Client in default maintains any information or files on our webspace, Big Toe Web Design will, at its discretion, remove all such material from its servers. We are not responsible for any loss of data incurred due to the removal of the service. Removal of such material does not relieve the Client of the obligation to pay any outstanding charges assessed to the Client's account.

Clients with accounts in default agree to pay Big Toe Web Design reasonable expenses, including legal fees and costs for collection by third-party agencies, incurred by us in enforcing these Terms and Conditions.

6. Communication

During a project it is important that the Client communicates information to us to achieve the required result. The Client agrees to provide any needed information and content required by us in good time to enable us to complete a design or website work as part of an agreed project.

Text content should be delivered as a Microsoft Word, email (or similar) document with the pages in the supplied document representing the content of the relevant pages on your website. These pages should have the same titles as the agreed website pages.

Email is our primary method of contact with regard to all communication for your website design and development. If you have any problems with the design or development of your website that we are unable to resolve by email, you can contact us by telephone during office hours.

It is the Client's responsibility to inform us of any changes in contact details (including email address) so that we always have valid contact details. We cannot be held liable in any way for problems relating to communication issues if we are not supplied with a valid email address. All Clients will be asked to complete a 'Client contact details' form, prior to work on the project commencing.

7. Website design and development

We will continue to work with you on your design concept until you are happy with our proposal. Once you accept the home page design draft, design changes beyond this point are subject to additional charges at the standard hourly rate.

If optimised pages are included as part of the project, we will optimise your web pages that already make up part of the project. Optimised pages is not creation of new pages. The optimisation of the web pages can include the meta tags, keywords, description, title, alt tags and text provided by the Client. We endeavour to create pages that are accessible to search engines. However, Big Toe Web Design does not take any responsibility for a Client's website rank on search engines. This also includes any potential website downtime that can occur. When updating, changing, creating and hosting a Client's website, there could be a change in the website's search engine ranking.

Big Toe Web Design at all times applies reasonable skill and care in provision of services. Once the project is completed, we will upload the website to the Client's live web address if included as part of a project.

After site completion, a Client or a third party of their choosing may wish to edit their website code themselves to make updates. However, the Client agrees that in so doing they assume full responsibility for any issues which occur as a result of changing the code themselves. If the Client or a third party of their choosing edits the website code and this results in functionality errors or the page displaying incorrectly, then we reserve the right to quote for work to repair the website.

We make every effort to ensure websites are designed to be viewed by the majority of visitors. Websites are designed to work with the most popular current browsers (e.g. Firefox, Google Chrome, etc.). The Client agrees that we cannot guarantee correct functionality with outdated browser software or across non-mainstream operating systems. We cannot accept responsibility for web pages which do not display acceptably in new versions of browsers

released after the website have been designed and handed over to the Client. As such, we reserve the right to quote for any work involved in changing the website design or website code for it to work with updated browser software.

Big Toe Web Design reserves the right to assign subcontractors in whole or as part of a project if needed.

8. Hosting

Big Toe Web Design will host the website if the Client requires us to do so and on receipt of full payment of our hosting fees. Big Toe Web Design hosting is annually renewable. The date of renewal is 1 January. The Client will begin payments for hosting on the 1 January following acceptance of our project quote. Big Toe Web Design will contact the Client each year to provide an invoice for hosting and domain registration for the following calendar year.

The hosting renewal charge must be received before 1 January. We reserve the right to deactivate any website when the hosting has expired (30 January) and the Client has not paid the renewal charge. We reserve the right to charge an administration fee of £50 for reactivating the website/hosting.

If the Client does not use Big Toe Web Design hosting services, then the management and hosting of the domain name are the full responsibility of the Client. The Client agrees to pass on FTP details and any other access details relating to their domain name and hosting account that we require to upload the website if required as part of a project. We reserve the right without notice to cancel, reject or refuse work with domain names or hosting services without reason for such rejection or refusal.

If the Client does not wish to renew the hosting, the site files and associated data can be made available to the Client free on request and the domain name can be transferred to the Client's registrar account. Should the Client instruct us to upload and configure the site and domain name to a third party server this work will be subject to an additional charge.

We can, at our own discretion, offer domain name registration and hosting via a third party service, although we are not obliged to do so.

9. Domain names

If required, a domain name will be registered by Big Toe Web Design on behalf of the Client once we have received payment in full. The domain name is registered in the Client's own name, with the address and contact details of Big Toe Web Design. Although the domain names are registered to us, the Client is the legal owner of the domain and if they request to have details changed or the domain transferred elsewhere, we will do this within a reasonable timeframe.

The Client should be aware that a domain name is registered with a third party and as such the Client shall agree to fully abide by the terms and conditions set out by the third party for such services.

The Client agrees that registration of a domain name does not provide endorsement of the right to use the name. The Client is responsible for ensuring they have due title to the domain name. We hold no liability and the Client hereby agrees to indemnify and hold harmless Big Toe Web Design from any claim resulting from the Client's registration of a domain name.
